

Ever (Above My Ways)

written by Dennis Roth (2006)

Verse 1

When I saw you in my dreams
I couldn't believe that you should be so real outside them
And I feared for my believe
I know that I would never appear in your dreams

Verse 2

Then I saw you in a club
Where you talked to a friend of mine so shy
But I knew that you only glanced at me
I doubt if there would be another chance

Prechorus

You're so beautiful
Oh it would be good with you

Chorus

I miss you
Without knowing who you are
I feel you
Above my ways like a star

Verse 3

Now I'm lonely, can't describe
This awful feeling of having missed the connection, wondered if
If the story ever ends
Where's my self? I don't believe in hopes anymore
