

# Tired of Time

- dedicated to Brian Wilson -

*written by Dennis Roth (2007)*

## *Verse 1*

Someone said you'd be drowned  
In the sea of growing mind  
For all your tears, for all your dreams  
There would be a single smile

## *Verse 2*

Why afraid of fairy tales  
Creeping monsters on the beach  
Arrest your pain, save your soul  
Sail into the horizon

## *Chorus*

The demons inside have killed your will, it's over  
The fragments of love would have fit in the fragments of this world  
But I fear you're tired of time

## *Verse 3*

Catch the wave, do it again  
As a sage in childhood dreams  
Where all is new and quietly told  
Just enough to understand

## *Verse 4*

Lost in space, tired of time  
While you overslept your life  
I know your strong, I know your weak  
But I hope you'll rise again
